

~ No experience necessary ~

Monday, September 23 – 10 am to 4 pm

at Lincoln Gallery, 429 N. Lincoln Ave., Loveland

Having fun mixing color harmonies in oil is also an excellent way to understand color harmony, to paint any subject and take your painting to the next level.

Whether you are a seasoned painter or a beginner, Kay will help you tap into your inner creative artist.

Using a palette knife to mix and keeping your palette colors simple creates harmony.

Kay will demonstrate “the how” with her technique and show you how to mix lovely neutrals next to vivid colors to create expressive, yet unified paintings.

**All abilities are welcome; lots of one on one with the instructor.
Encouraging small group attention.**
